ELEPHANTS AT WORK

Raphael Tuck & Sons' "Oilette"

Postcard No. 8902

ART PUBLISHERS TO THEIR MAJESTIES THE KING & QUEEN.

By Appointment.

The Elephant at Work. The Elephant bears a world-wide fame for its capabilities as a servant and companion of man, and for the extraordinary development of its intellectual faculties. In moving and in piling logs, for example, the elephant even learns the proper mode of arrangement, and will place them upon each other with a regularity that would not be surpassed by human workmen.

It was lovely seeing you on Wednesday. We got our train quite easily, also bus, & had good seats coming to T.W. in a crowded train. Do hope you'll enjoy your day with the Guides, & that the weather will soon be warm enough for you to be in the garden. M.L. from Con.
